Conductor Bus - Page 1 of 1

## **Body Cross-sectional Shape:**

Flat

**Overall Length:** 

17.100 inches

# **Cross-sectional Height:**

0.030 inches

#### **Cross-sectional Width:**

0.800 inches

# **Mounting Configuration:**

18 tabs equally spaced

### **Construction:**

Solid

#### **Special Features:**

Bottom of bar chamferred 45 degrees ea end

#### Material:

Copper

#### Surface Treatment:

Tin

## Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

## Shelf Life:

N/a

#### Unit Of Measure:

--

# Demilitarization:

No

Fiig:

# A537p0

Mil-std (military Standard):

Mil-t-10727 spec.
