Body Cross-sectional Shape:

Irregular

Overall Length:

0.545 inches

Cross-sectional Height:

0.008 inches

Cross-sectional Width:

0.050 inches

End Application:

5895-01-233-0344 computer interface

Mounting Configuration:

One 0.062 in. Diameter hole left side

Construction:

Solid

Material:

Copper alloy

Precious Material And Location:

Surface gold

Precious Material And Weight:

0.040 gold grains, troy

Precious Material:

Gold

Surface Treatment:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
