Body Cross-sectional Shape:

L-shape

Overall Length:

42.314 inches

Cross-sectional Width:

0.200 inches

End Application:

1430-01-087-6330 semitrail radar set

Mounting Configuration:

Ten insulated mounting holes 4.296 in. C to c

Construction:

Solid

Criticality Code Justification:

Feat

Special Features:

Right hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
