Body Cross-sectional Shape:

Flat

Overall Length:

3.700 inches

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

0.120 inches

End Application:

Mx peacekeeper missile

Mounting Configuration:

Six clips evenly spaced and two 0.062 in. Diameter end holes

Construction:

Solid

Material:

Copper alloy

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0

Mil-std (military Standard):

Mil-t-10727 spec.
