Body Cross-sectional Shape:

Rectangular

Overall Length:

15.630 inches

Cross-sectional Width:

0.190 inches

Construction:

Solid

Special Features:

Part of phalanx weapons system

Material:

Copper alloy

Material Specification:

Qq-c-533, alloy 172, temper 1/2h federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
