Body Cross-sectional Shape:

L-shape

Overall Length:

1.750 inches

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

0.380 inches

Mounting Configuration:

2 holes ea leg 0.217 in. Dia

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-576, annealed federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
