**Body Cross-sectional Shape:**

Irregular

**Overall Length:**

2.500 inches

**Cross-sectional Height:**

0.063 inches

**Cross-sectional Width:**

0.500 inches

**End Application:**

5840-01-020-5631

**Mounting Configuration:**

Three 0.250 in. Diameter mounting holes

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-576, annealed federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537p0
