Body Cross-sectional Shape:

Flat

Overall Length:

0.880 inches

Cross-sectional Height:

0.063 inches

Cross-sectional Width:

0.440 inches

End Application:

5840-01-020-5631

Mounting Configuration:

Two 0.281 in. Diameter mounting holes spaced at 0.440 in. C to c

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-576, annealed federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
