Body Cross-sectional Shape:

Rectangular

Overall Length:

2.220 inches

Cross-sectional Height:

0.045 inches

Cross-sectional Width:

0.250 inches

Mounting Configuration:

2 0.120 in. Diameter holes

Construction:

Solid

Material:

Stainless steel

Material Specification:

300 series assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
