**Body Cross-sectional Shape:**

Irregular

**Overall Length:**

1.420 inches

**Cross-sectional Height:**

0.063 inches

**Cross-sectional Width:**

0.700 inches

**End Application:**

Conector adapter an/tps-63 radar

**Mounting Configuration:**

One hole ea end 0.218 in.Dia

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-576, temper cold rolled, soft annealed federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537p0
