Overall Length:

5.000 feet

Termination Type:

Terminal lug both ends all conductors

Conductor Quantity:

5

Round Conductor Size:

14 awg all conductors

Special Features:

Used to interconnect the vehicle primary power to the electrical equipment power base

Fsc Application Data:

Installation kit, electronic equipment, mk-2692/vrc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
