Cross Sectional Shape:

Round

End Application:

Aircraft model ea-6b

Termination Type:

Connector 1st end first conductoradapter 2nd end second conductor

Conductor Quantity:

1

Color Coding Document:

49956-444071 drawing

Strand Quantity Per Conductor:

11 single conductor

Conductor Form:

Stranded single conductor

Special Features:

Components include connector 1, shield 1, clamp 2, header 1, adapter 1, marker band 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
