Body Cross-sectional Shape:

Irregular

Overall Length:

5.780 inches

End Application:

An/tps-7 (v) series mobile groundlong range radar set

Construction:

Solid

Special Features:

Dwg title bus bar filter bank

Material:

Copper

Material Specification:

Qq-c-576 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
