Body Cross-sectional Shape:

Rectangular

Overall Length:

2.360 inches

Cross-sectional Height:

0.040 inches

Cross-sectional Width:

0.196 inches

Mounting Configuration:

Ten screws shall be provided with the bus bar for fastening to terminal block

Construction:

Solid

Material:

Copper

Surface Treatment:

Nickel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
