End Application:

F-16 acft; next assembly p/n 16d59825, effectivity type/version d/b 1 & on

Binding Method:

Braid and sleeve and taped

Product Name:

Wiring harness-communication, tacan/iff-station 158 to 243

Material:

Copper core conductor all conductors

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
