**End Application:**

F-16a acft; next assembly p/n 16d43730m1; effective type 6/h 56 through 60

**Binding Method:**

Braid and sleeve and taped

**Product Name:**

Wiring harness-electric/epu control station 243 to emergency generator control unit

**Material:**

Copper core conductor all conductors

**Fsc Application Data:**

Aircraft accessory equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
