End Application:	
F-16a acft; next assembly p/n 16d43730m1; effectivity type/version 6/h 61 th	rough 65
Binding Method:	

Braid and sleeve and taped

Product Name:

Wiring harness-electric/epu control-station 243 to emergency generator control unit

Material:

Copper core conductor all conductors

**Fsc Application Data:** 

Aircraft accessory equipment

Shelf Life:

N/a

**Unit Of Measure:** 

--

**Demilitarization:** 

No

Fiig:

A077a0
