End Application:

F-16b acft; next assmbly p/n 16d51820m1; effectivity type/version 6/e 24 through 37, 6/g 12 through 16, 6/l 13 and 14

Binding Method:

Braid and sleeve and taped

Product Name:

Wiring harness-flight instrument-control air data computer to crew compartment disconnect

Material:

Copper core conductor all conductors

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
