**End Application:**

F-16b acft; next assembly p/n 16d1730m1; effectivity type/version 6/e 7-8, 6/g 5 only, 6/l 3-4

**Binding Method:**

Braid and sleeve and taped

**Product Name:**

Wiring harness-electrical/epu control-station 243 to emergency generater control unit

**Material:**

Copper core conductor all conductors

**Fsc Application Data:**

Aircraft accessory equipment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
