End Application:

F-16b acft; next assembly p/n 16f2261; effectivity type/version 6/e 1-37, 6/g 1-16, 6/j 13-24, 6/l 1-14

Binding Method:

Braid and sleeve and taped

Product Name:

Wiring harness-fwd intph amplifier filter panel

Special Features:

Wire specs: m22759/22-26-0, c4932-22l2, m22759/11-22-5

Material:

Copper core conductor all conductors

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
