Body Cross-sectional Shape:

Irregular

Overall Length:

4.575 inches

Cross-sectional Width:

0.400 inches

Construction:

Solid

Special Features:

USED-ON-C13-0/61

Material:

Copper

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
