Overall Length:

19.000 inches

Overall Height:

1.750 inches

Overall Width:

8.000 inches

Ac Voltage Rating:

112.5 volts

Outlet Type:

Switched and unswitched

Mounting Method:

Rack

Features Provided:

Circuit overload protection device and current limiter and electric noise suppressor and switch

Special Features:

10 outlets, 8 switched 2 unswitched, pilot light, full load volt amps 2880va, input plug nema l5-30p, outlets nema 5-20r; circuit breakers 20 amps; model d has sequencing power up of additional equipment with mtd; filter emi/rfi 30 amps; power cord 10/3 15ft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
