Body Cross-sectional Shape:

Flat

Overall Length:

1.410 inches

Cross-sectional Height:

0.045 inches

Cross-sectional Width:

0.560 inches

End Application:

Fire fighting

Mounting Configuration:

Two slots located on one long edge

Construction:

Solid

Product Name:

Bar, bus

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
