Overall Length:

9.500 inches

Overall Height:

1.500 inches

Overall Width:

3.500 inches

Ac Voltage Rating:

120.0 volts

Mating End Quantity:

6

Overload Rating In Amps:

15.000

Current Interrupting Capacity:

15.0 amperes

Outlet Type:

Switched

Mounting Method:

Unthreaded hole

Features Provided:

Circuit overload protection device

Body Material:

Plastic

Err Default:

Err default

Special Features:

6 ft. Cord; keyhole supports for mounting; 140 volts clamping voltage; 78500 surge current (amps); nema 5-15p input plug type; on/off lighted 2 position rocker switch

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A501p0
