Overall Length:

12.600 inches

Overall Height:

2.500 inches

Overall Width:

2.300 inches

End Application:

Radar threat emitter an/mst-t1

Current Rating In Amps:

15.0

Mounting Method:

Hole

Features Provided:

Cable assembly and circuit overload protection device

Body Material:

Steel

Special Features:

Includes 5 ft, 14 awg three conductor cord

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A501p0
