**Overall Length:**

25.600 feet

**End Application:**

Chest pack, portable 01-502-0413 & 01-512-8262

**Conductor Quantity:**

1

**Criticality Code Justification:**

Agav

**Conductor Form:**

Solid, tubular single conductor

**Product Name:**

(navy)cable assembly, special, aircraft

**Special Features:**

Jbd chest pack cable assembly; wires insulated & tied back on one end-connector plug with protective cap on other; cable clamps/assys; shrink tubing/sleeve; bushing; drawing export controlled

**Style Designator:**

Internal connector and stripped

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
