Cross Sectional Shape:

Coil/cord

End Application:

Humidity generator

Conductor Quantity:

3

Strand Quantity Per Conductor:

65 all conductors

Conductor Form:

Stranded all conductors

Product Name:

North american cordset w/c19

Strand Awg Size Per Conductor:

30 all conductors

Color:

White core primary insulation third conductor

Material:

Copper core conductor all conductors

Style Designator:

Internal and external connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
