Body Cross-sectional Shape:

Rectangular

Overall Length:

0.250 inches

Cross-sectional Width:

1.250 inches

End Application:

Ccontroller, drain and submersible pump equipment cabling diagram

Construction:

Solid

Product Name:

Bus bar electrical conductor, solid rectangular

Special Features:

Matl is astm-b187, temp h04

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
