Body Cross-sectional Shape:

Rectangular

Overall Length:

4.600 inches

Cross-sectional Height:

1.080 inches

Cross-sectional Width:

2.400 inches

End Application:

Dc-dc converters model vi-200

Mounting Configuration:

Chassis mount housing with screw/lug wiring interface

Construction:

Solid

Product Name:

Busmod

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
