Body Cross-sectional Shape:

Rectangular

Overall Length:

9.370 inches

End Application:

Nha - p/n 2051f42; weapon system - nuclear power plants

Construction:

Solid

Material:

Copper alloy

Precious Material And Location:

silver

Precious Material:

Silver

Surface Treatment:

Nickel and silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
