| End Application: |
|--|
| 3835-01-511-7335 |
| Termination Type: |
| Clamp 1st end single conductor |
| Leadlength: |
| 60.000 inches |
| Terminal Manufacturer Identifying Reference Number: |
| 03384534 1st end single conductor |
| Terminal Commercial And Government Entity Code: |
| 4j007 1st end single conductor |
| Special Features: |
| Grounding cable that connects from the generator on the ers power unit to the host vehicle |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
| Fiig: |
| A077a0 |
| |
