**End Application:**

7386065 (53711) battery box assembly

**Conductor Length:**

24.000 inches all conductors

**Product Name:**

Sensor

**Round Conductor Size:**

24 awg all conductors

**Special Features:**

100k ohm at 25c chip thermistor potted into a ring lug with hold size to accept 1/4 inch stud; 24 inches of 24awg polytetrafluoroethylene leads

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A077a0
