Overall Length:

22.000 inches

Environmental Protection:

Waterproof and submersible

End Application:

Crtl surf act cable assembly

Conductor Quantity:

4

Product Name:

Cntrl srf act cbl

Terminal Manufacturer Identifying Reference Number:

Mink-4-ccp/l 2nd end all conductors

Terminal Commercial And Government Entity Code:

15789 both ends all conductors

Special Features:

Must be waterproof and surivable to 100psi hydrostatic, port fwd

Special Markings:

A marking is 21w7p1/21a1a2w4-21a1a2a7j1, b marking is 53711assy7417365-1, c marking is 21w7p2/21a1a2a7a2j1

Material:

Plastic cross-linked polyolefin core primary insulation

Style Designator:

Internal connectors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
