**Body Cross-sectional Shape:**

Flat

**Overall Length:**

0.690 inches

**Cross-sectional Height:**

0.060 inches

**Cross-sectional Width:**

0.250 inches

**Construction:**

Solid

**Product Name:**

Jumper, terminal board

**Material:**

Copper alloy 110

**Material Specification:**

Qq-c-502 federal specification single material response

**Surface Treatment:**

Nickel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537p0
