Environmental Protection:

Fire resistant

Connector Manufacturer Code:

55322

End Application:

Mates with zf5, zldr; communications

Connector Identification:

Printed circuit jumper double end

Cable Identification:

Double end ribbon fjh series

Cable Manufacturer Code:

55322

Termination Type:

Flat cable connector male straight

Conductor Quantity:

10

Cable Assemblylength:

3.000 inches

Termination Quantity:

10

Conductor Form:

Printed

Product Name:

Flexible printed circuit (fpc) jumper

Voltage Rating:

60.0 service voltage

Cable Assemblywidth:

0.217 inches

Special Features:

Conductor-tin plated copper; conductor resistance 1000ohm/km max; insulation resistance 10mohm/km min conductor to conductor; dielectric test 400vac 1 minutes; tep -30degc to plus 80 degrees c; flame resistance vw-1; ul 758; rohs compliant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509c0
