**Conductor Quantity:**

2

**Special Features:**

1 gland seal, liquid tight strain relief, including sealing washer and locknut, 1 terminal .38 ring-90 degrees 1 gauge uninsulated, 1 terminal .38 ring-45 degrees 1 gauge uninsulated, conductor: stranded bare copper, awg size: 1, stranding: 259x25, insulation: xlpe, insulation thickness: 0.065 inch, normal cable o.D: 0.460 inch, color: black

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
