End Application:

Auto test equipment/auto teat systems

Electrical Power Source Relationship:

Alternate operating

Inclosure Feature:

Single item w/housing

Operating Test Capability:

Testing and exercising generator sets

Product Name:

Load bank

Special Features:

Weight approx. 500lbs

Reference Data And Literature:

Avtron/k696 specification sheet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
