End Application:

Boat persone

Product Name:

(inavy) lead, electrical

Voltage Rating:

600.0 service voltage single conductor

Special Features:

Description: 8-4/0 awg battery cable ul 1426 tinned boat cable; spool length: 50'; stays flexible even in extreme cold (-40 degrees c), resists salt water, battery acid, oil, gasoline and ultra-violet radiation

Color:

Yellow core wrap

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
