Overall Length:

13.000 inches

End Application:

Reliability enhancement re-engineering program

Product Name:

Ground bus bar-avionics rack

Special Features:

Nha 4k10075; material is aluminum2024-t (clad)

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
