**Cross Sectional Shape:**

Round

**Termination Type:**

Lug terminal w/mounting hole 1st end single conductor

**Leadlength:**

11.2 inches

**Product Name:**

Cable assembly fan power red

**Terminal Polarity:**

Positive both ends single conductor

**Terminal Manufacturer Identifying Reference Number:**

Ms27144-1 2nd end single conductor

**Terminal Commercial And Government Entity Code:**

96906 both ends single conductor

**Special Markings:**

Marker a = load; marker b = fan red +

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A077a0
