Cross Sectional Shape:

Round

Termination Type:

Lug terminal w/mounting hole 1st end single conductor

Leadlength:

11.2 inches

Product Name:

Cable assembly fan power red

Terminal Polarity:

Positive both ends single conductor

Terminal Manufacturer Identifying Reference Number:

Ms27144-1 2nd end single conductor

Terminal Commercial And Government Entity Code:

96906 both ends single conductor

Special Markings:

Marker a = load; marker b = fan red +

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
