Mating End Quantity:

6

Mounting Method:

Surface

Features Provided:

Switch and pilot light

Body Material:

Plastic

Maximum Energy Dissipation Rating In Joules:

900.0

Special Features:

8 ft power cord; oversize metal oxide varistors (mov) absorb excess electricity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A501p0
