Cross Sectional Shape:

Round

End Application:

2355-01-559-0791

Product Name:

Lead, electrical

Individual Conductor Length:

45.00 inches both ends single conductor

Special Features:

Jumper type a; crimp type terminals; lug size: 0.312 inches to 0.375 inches;

Material:

Copper 1st position conductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
