**End Application:**

F/a-18

**Termination Type:**

Connector receptacle 1st end third conductor

**Criticality Code Justification:**

Agav

**Product Name:**

Cable assembly, electrical - right outer wing, w55209

**Terminal Manufacturer Identifying Reference Number:**

Ms2765t9b98s both ends first conductor

**Terminal Commercial And Government Entity Code:**

96906 1st end all conductors

**Branch Quantity:**

6

**Special Features:**

Near second end (4) ground wire branches go out from one point

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A077a0
