Overall Height:

70.5 inches

Overall Width:

2.2 inches

Ac Voltage Rating:

Between 200.0 volts and 240.0 volts

End Application:

Diesal engine

Current Rating In Amps:

24.0

Special Features:

Outpput connections thirty-six (36) iec-320-c13, six (6) iec-320-c19, overload protection internal 2 20a, 2pole hydraulic magnetic circuit breakers, power cord 10 feet,

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A501p0
