Body Length:

3.1875 inches

Body Width:

2.234 inches

Body Height:

0.625 inches

Mounting Configuration:

Two 0.096 in. Dia

Special Features:

Complete w/contacts and insulators; surface treatment is painted enamel

Special Markings:

A. /place, batteries one up - one down/

Material:

Aluminum and plastic, phenol-formaldehyde and steel

Material:

Aluminum and plastic phenol-formaldehyde and steel

Surface Treatment:

Painted enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T23700
