Width:

Between 2.052 inches and 2.072 inches

Length:

Between 2.927 inches and 2.947 inches

Compartment Quantity:

3

End Application:

P4rc

Battery Accommodation Quantity:

3

Cover:

Not provided

Special Features:

Clips&lugs w/pol.Washers-polytetrafluoroethylene

Height:

1.044 inches

Material:

Plastic, phenolic and steel, qq-s-698

Material:

Plastic phenolic and steel comp 1008 or steel comp 1009 or steel comp 1015 or steel comp 1018 or steel comp 1020 or steel

Material Specification:

Qq-s-698 federal specification 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-c
