Width:

35.0 millimeters

Length:

240.0 millimeters

End Application:

6115-01-561-7455

Special Features:

Environmental stress crack resistance: 1000 hrs; heat deflection temperature: 157 degrees f; density: 59.3 lbs/cu ft; tensile strength at yield: 3700 psi

Height:

134.0 millimeters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-c
