Overall Length:

44.0 inches

End Application:

F15-sa

Product Name:

Battery thermal wrap, with thermostat

Special Features:

Durable, fire-retardant vinyl cover resists oils and acids, comes with grounded cord ad plug, provides optimum heating regardless of ambient temperature, thermostat range: 65.0-80.0 f., volts: 120, watts: 80

Material:

Plastic vinyl

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T23700
