Overall Length:

6.187 inches

Overall Height:

4.969 inches

Overall Diameter:

2.375 inches

Lamp Base Type Accommodated:

Double contact bayonet candelabra

Lens Color:

White

Lens Transparency:

Translucent

Mounting Base Length:

6.187 inches

Mounting Base Width:

1.000 inches

Mounting Base Height:

2.000 inches

Illumination Directing Device Type:

Louver and shade

Voltage Rating In Volts:

6.0 ac and 6.0 dc

Mounting Method:

Bracket

Lens Type And Quantity:

1 dome, notched

Lens Surface Condition:

Smooth back

Special Features:

2 double screws; opaque shade

Material:

Steel illumination directing device

Surface Treatment:

Zinc illumination directing device

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
